

This is My Isagenix Weight Loss Story ~ Lost 85 Pounds ~ and Still Shrinking !

BEFORE ISAGENIX CLEANSE

IN PROGRESS . . .

AFTER ISAGENIX CLEANSE

I am Dennis Miller from Big Sky Country Montana. Last August I saw an Ad in a magazine and it showed a fat guy and the same guy thin. That guy was Speedo Peter. I signed up and it has been a beautiful new way of life for me. I am so grateful for having a positive attitude and for Rich Meily ~ my great sponsor who got me started down this road to a better life.

I had blurry vision, my blood sugar was out of control. My blood pressure was so bad I wasn't able to get around. I had no interest in doing anything. I knew if I could just lose some weight ~ I could start to get my health under control. After a couple of months on Isagenix ~ I had lost some weight and I could see and feel a real change.

I was so proud when I had lost 40 lbs. Then it was 57 pounds. Now I have lost a total of 85 pounds and I feel amazing. My goal is to take off another 20 lbs and end up weighing 195 lbs. I can see it coming just over the sunset.

God bless the people who started this program. I was praying with Pat Robertson on the 700 club - I was praying for my Health and Well Being. My prayers were answered !

Everyday I started off with Isagenix and then exercise and after that I head to the gym. I am able to go up and down the flight of stairs a few times a day in the apartment building where I live. I would never have dreamed that any of this would have been possible for me to do. But I know it now and believe it.

Thanks to all of the weight I lost ~ my doctor has taken me off all my medications. So like somebody said "Damn the torpedoes . . . Full speed Ahead ! God Bless you my friends in the Isagenix world !

Your friend,
Dennis Miller
