

This is My ISAGENIX Story

Yep, it's the same guy!!.....Taken 3 months apart....

My Isagenix success story is that I really didn't think I had a lot of weight to lose...Here I was at 43 years old, 164 pounds, and a highly-stressed workaholic Real Estate Broker...who was getting more stressed and grayer every single day. I just knew I had to do something. Then I was introduced to the ***Isagenix 9-Day Fat Burning System***, lost over 20 pounds of fat, went from a tight 32 inch waist to a "loose" 30 and got back into clothes I hadn't worn in years! I saw what my body had started to shape into and I looked at my reflection in a mirror differently. My arms, legs and face were taking on different and more refined definitions. I had my hair done, started wearing a little tan, bought more modern (and smaller!) clothes and my whole self confidence and attitude started changing too! *People still cannot believe how much better, younger and playful I look... and how much at ease I am now socially.* It is true that this new technology gave me back the youth that was slipping from me every day. And you know what... (I can't even say this with a straight face) but I am now being called a "hotty" by my Daughters 18 year old friends around town!!.....*And at 43!!*

I also know without question that this has helped me close more Real Estate sales due to my new self assurance. And as an ***Isagenix Executive***, it has given me a spectacular second income that I didn't even know I could generate...Now over 5 figures a year...and ***GROWING DAILY!!*** It's paying for my new Harley Softail!!

Look, it's really simple. If you want to take easy ***AWESOME*** steps ***RIGHT NOW*** to change ***your life***, then start with the ***Isagenix 9-Day Fat-Burning System***. And if you want to change ***your income***, tell everyone your success story. *Like I just did!*

It worked for me....I know it will work for you too.....

Weight-loss results may vary. In a recent study, participants averaged a weight loss of 7 pounds at the completion of their first Isagenix 9 Day Program. Always consult your physician before making any dietary changes or starting any nutrition, weight or exercise program.
