**AFTER  
ISAGENIX CLEANSE**

## **Norman Rochon**

At 74, I was 248 pounds, discomfort everywhere, 3 heart attacks, blocked arteries, difficulty walking and was falling asleep everywhere ~ even mid sentence in a conversation. I was saved by a woman dear to me ~ Gisele ~ who suggested the Isagenix program.

I released 78 lbs and 56 inches. Now I am full of energy, down to 170 lbs, and went from a 42 inch waist to a loose 36 with a BMI of 25.7, visceral fat of 9 and biological age of 64. So of course, everyone wants to know what I did ~ I enjoy sharing with them and building an Isagenix career . . . at 74 years of age.
