

## THIS IS MY ISAGENIX STORY

### Lost 146 Pounds and 128.5 Inches !

My name is Derek Baldwin. I am 57 years old, 5'7" and at the start of my 30-Day Cleansing and Fat-Burning System, I weighed 359 pounds.

In September 2007, I'd be flying to Nova Scotia for my late mother-in-law's memorial service. I knew I would not be able to fit in those tiny airplane seats. Trying to get a wider seat and with more leg room wasn't looking promising. I would have to lose weight !

My wife heard about Isagenix one year earlier and when we met Vivian Fitzgerald she introduced us to the Isagenix system. I told her my dilemma. She explained how I could lose weight quickly and safely.

On July 27, my wife and I both started the program. I lost 11 pounds on the first Cleanse Program and 9 on second Program. This was enough to keep me motivated. I was feeling great and had more energy than I had had for years. My clothes were already feeling looser and the best part was, I was not suffering from hunger ! When I flew in September,,I had lost 42 pounds and fit into my airline seat.

By Jan 2008 - I had lost 102 pounds. **And now in June 2008 – I have lost 146 pounds and 128.5 inches.**

Being in the home construction and manufacturing industry, I often have to climb ladders to measure up houses. This was a scary task for me because my stomach was always in the way of the runs. I am happy to say I can climb ladders with ease and squeeze between studs instead of finding a doorway.

Thanks goes to my mother who encouraged me all the way - even during her last days - told me to keep it up. She always worried about my weight. My wife was concerned for years that I was a heart attack waiting to happen and is glad she never had to practice any CPR. Meanwhile, as my wife was supporting me, she had amazing results too! She has lost a total of 52 lbs. AND 62 inches. She feels and looks fantastic !

Thank you God and the Isagenix team for the wonderful products. Isagenix saved my life. I'm on Autoship forever !
