

THIS IS MY ISAGENIX STORY

I've been a Gym Owner and Fitness Trainer for more than a decade. I've worked with people from the ages of 7 to 70. I've had experience with every type of diet, supplement, exercise program, training philosophy, gimmick, gadget, magnet, patch, pill and product known to man that's supposed to make you lose weight, gain lean muscle mass, have great energy and keep you alive for 150 years.

I've never seen anything that I believe in strongly enough to endorse, distribute or even recommend to my clients. I know I would lose my clients and destroy my reputation if I sold products that didn't produce results.

I was approached by an Isagenix Rep 2 years ago and I was very skeptical about this system. I know how hard it is to lose weight and I didn't believe it was possible to lose 15 pounds in 9 days.

I finally decided to try a 9-Day Cleanse. I was training a married couple at that time whom I had been training for 6 years and they were both struggling with getting off that last 10 pounds. I convinced them to do a Cleanse with me. I had a 36' waist and 10.5% body fat. When I finished the Cleanse - I went back to the doctor and we were both blown away at my results. My body fat was 8.5% and I lost 3 inches off my waist.

The married couple had even better results. My female client lost 12 pounds in 9 days and a total of 18 inches. Her husband lost 17 lbs in 9 days and an amazing loss of 25 total inches ! From that point on, I preach Isagenix to all my clients, all my friends and every single one of my family members - who all had amazing results and still enjoy Isagenix today.

I thank the Lord every day for John Anderson. Isagenix has made a huge impact in my life and everyone I know. I'm now on a mission to educate every health professional I come in contact with about this amazing technology because I feel so blessed that someone shared it with me.
