

## This is My ISAGENIX Weight Loss Story

My name is Dennis Fuller and I am 51 years old. In Feb 2005, a friend of ours from Michigan told us how she lost 40 pounds in 2 and a half months.

My wife joined Isagenix and had them overnight two 9-Day Cleansing and Fat-Burning Systems . . . planning on using them herself. She wanted to lose some weight before an upcoming wedding in 3 weeks.

Well, I didn't think that was very fair so I took one and she took the other. We decided to make a contest out of it.

My wife lost 7 pounds and I lost 15 pounds. But she lost more inches than I did. We continued taking the Isagenix products. By the time the Isagenix Annual Convention came in August . . . **6 months later . . . I had lost a total of 91 pounds - and my wife lost 35 pounds. I went from 305 pounds to 214 pounds!** We were just thrilled and we both feel great with lots more energy. I feel even better now than I did even in my 30's.

I went for a complete body physical in May 2005. The nurse called and said that my blood tests came back "Just Perfect." She said whatever I was doing that I should continue it!

We have shared our stories with other people and they too have had life-changing stories.

When you feel sooooo good . . . why wouldn't you continue to use these products . . . and share them with others ??? We will ! It also feels good to be able to help other people - both physically and financially.

***Dennis Fuller***

Weight-loss results may vary. In a recent study, participants averaged a weight loss of 7 pounds at the completion of their first Isagenix 9 Day Program. Always consult your physician before making any dietary changes or starting any nutrition, weight or exercise program.
