

This is My ISAGENIX Weight Loss Story

BEFORE ISAGENIX CLEANSE
138 Pounds (November 29th, 2004)

AFTER ISAGENIX CLEANSE
128 Pounds (December 8th, 2004)

My name is Lisa Guo and I love Isagenix. Here is my story . . .

One of the biggest fears of a woman is getting old. I was very proud of my nice body. But after giving birth to my lovely daughter, I lost my body. My big tummy just wouldn't go away. I felt heavy and old. I was very unhappy and I was often depressed. I tried every possible way out there to lose the weight I gained, but nothing worked - and all those treatments and pills made me very sick.

Arriving home from my trip to China, my very good friend introduced me to the Isagenix 9-Day Cleansing and Fat-Burning System. I was very skeptical about it, but hey, one more try is not going to kill me. I already tried everything else.

Amazingly, I start to lose weight after the first day. I was jumping for joy. The 9-Day experience was very pleasant - and by the end of the 9-Day Program, I had lost a total of 10 pounds and MANY inches off my waist. I could not believe my eyes when I saw my Before and After pictures. Not only did I lose my weight, but also I felt so much healthier! I sleep better. My skin is improved - and my energy is shooting up to the roof. I am now continuing to use the Isagenix Maintenance For Life Program. It's so great to be healthy.

In just 9 short days, Isagenix brought me back my long lost figure and gave me the start of a healthy life. Most of all, Isagenix has given me back my self confidence. It's great to be a woman - and it's even greater to be a happy healthy woman !
