

**THIS IS MY ISAGENIX STORY  
RELEASED 55 POUNDS WITH EASE**

**BEFORE ISAGENIX CLEANSE**

**AFTER ISAGENIX CLEANSE**

I began the program in August 2009 after a friend shared her story with us and let us sample some of the delicious products. I'm a chocoholic; so when I found out I could have chocolate every day, lose weight, and improve my health ~ I was sold !

In my BEFORE picture above I weighed 207 lbs and had a number of health concerns. I was taking several types of medication per day for discomfort, with little relief. Thanks to the amazing weight loss, I found that all discomfort had gone and I have not needed the medication since !

I released 55 lbs and have maintained my new 152 lb weight since then ~ with ease. Losing the weight was great, but more importantly, for me, was my new, improved health. I have more energy to do the things I love and I feel so good giving my body all the nutrients it needs to help it function at its best. Isagenix never claims to be a cure for any health concern, but what it does do, is it helps your own body to work to obtain optimal health.

I had my annual physical in December of 2009, and my physician told me that I was not in good health . . . but in PERFECT health ~ something I never thought I'd be told by a doctor. I know I'll never have a weight problem again and can't imagine a day without the wonderful Isagenix products in my body.
